Grants Awarded

Wake Forest School of Medicine and Wake Forest University, *Clinical and Translational Science Institute* Intercampus Collaborative Grant “*Advancing Population Health: Building an Evaluation of Effective Management Strategies*.” with Dr. Beata Debinski, Wake Forest Medical School
The project will create an evaluation framework for population health approaches to improving health and reducing costs in medical care. The evaluation framework will then be used in quantitatively analyzing ACO data for patients in the North Carolina region.
Total project budget: \$50,000 (Co-Principal Investigator) 2023-2024.

Wake Forest University/Blue Cross Blue Shield of North Carolina Pilot Grant
The goal of this project is measure the planning behaviors of Medicare Part D enrollees, to determine the behavioral effects of the nonlinear pricing schedule found in the prescription drug plan.
Total project budget: \$26,000 (Principal Investigator) 2016-2018.
