Employment

Wake Forest University, Winston-Salem NC

Inaugural Chair, Department of Statistical Sciences, 2022 -
Professor, Department of Statistical Sciences, 2023 -
Associate Professor, Department of Statistical Sciences, 2022 - 2023
Co-Director, Data Science Graduate Certificate 2020 -
Affiliate Faculty, Environment and Sustainability Programs 2021 -
Faculty, Sustainability Graduate Programs, CEES, 2016 - 2019
Sterge Faculty Fellow, 2016 - 2019
Associate Chair, Department of Mathematics and Statistics, 2018 - 2022
Associate Professor, Department of Mathematics and Statistics, 2018 - 2022
Assistant Professor, Department of Mathematics and Statistics, 2012 - 2018

University of North Carolina at Chapel Hill, Chapel Hill NC

Teaching/Research Fellow, Dept. of Statistics and Operations Research, 2008 - 2012

American Family Mutual Insurance Company, Madison WI

Senior Actuarial Analyst, 2007 - 2008
Actuarial Analyst, 2005 - 2007

Education

Ph.D. in Statistics, University of North Carolina at Chapel Hill, 2012

Thesis: Approximate Bayesian Computing for Spatial Extremes. Advisor Richard L. Smith.

M.S. in Statistics, University of Wisconsin-Madison, 2006

B.A. in Physics, *Summa Cum Laude*, State University of New York College at Geneseo, 2003

A.C.A.S. (Associate of the Casualty Actuarial Society), 2010

Honors and Awards

Wake Forest University 2022 College Board of Visitors Faculty Leadership Award

Wake Forest University 2019 Reid-Doyle Prize for Excellence in Teaching

Society of Actuaries Outstanding Session Award, 2019 Annual Meeting, Toronto, ON

American Risk and Insurance Association (ARIA) 2016 Patrick Brockett & Arnold Shapiro Actuarial Journal Award. (Awarded for Erhardt, R., Smith, R. (2014). Weather derivative risk measures for extreme events. *North American Actuarial Journal* 18:3, 379-393.)

Wake Forest Teaching and Learning Center Teaching Innovation Award, 2016

Wake Forest University Student Government Faculty Appreciation Award, 2013 (one given annually)

University of North Carolina Statistics and Operations Research Excellence in Teaching Award, 2011

Society of Actuaries James C. Hickman Scholar (2009 - 2012; \$60,000)

Best Graduate Student Presentation, 46th Actuarial Research Conference, 2011

Jerry D. Reber Outstanding Teaching Assistant Award, SUNY Geneseo, 2003

SUNY Geneseo Physics Alumnae Award (highest physics GPA in class of 2003)

Research

Research Interests

Environmental risk measurement, climate statistics, computational statistics, statistical ecology, connections between environmental risk and actuarial science.

Working Papers

Anderson, T., Hepler, S., Holdo, R., Donaldson, J., **Erhardt**, R., Hopcraft, G., Hutchinson, M., Huebner, S., Morrison, T., Muday, J., Munuo, I., Palmer, M., Pansu, J., Pringle, R., Sketch[†], R., Packer, C. Interplay of competition and facilitation in grazing succession by migrant Serengeti herbivores (*submitted*).

Erhardt, R., Hepler, S., Wolodkin, D., Greene, A. Spatio-temporal Forecasting for the US Drought Monitor. (*under revision*).

Hepler, S. and **Erhardt**, R.. `multiocc`: An R package for spatio temporal occupancy models for multiple species (*under revision*).

Erhardt, R., Di Vittorio, C., Hepler, S., Lowman, L. and Wei, W. Homogenized Gridded Dataset for Drought and Hydrometeorological Modeling for the Continental United States (*manuscript available*)

Refereed Journal Articles

Erhardt, R. and Nutter, F. (2022). Can insurance achieve its full potential for climate adaptation? *Variance*, 15(2).

Hepler, S. and **Erhardt**, R. (2021). A Spatio-temporal Model for Multivariate Occupancy Data. *Environmetrics* 32(2), e2657.

*Undergraduate student

† Master's degree student

Software

Co-developer of `multiocc`, an R package published in 2022 used for fitting multivariate spatio-temporal occupancy models.

Data

Homogenized Gridded Dataset for Drought and Hydrometeorological Modeling for the Continental United States
<https://datadryad.org/stash/dataset/doi:10.5061/dryad.g1jwstqw7>

Grants

Funded

2022 - 2025 NSF DMS 2151881 “Scalable Models, Fast Computation and Predictability for Spatio-temporal Ordinal Data” Role: PI; WFU amount \$209,999.

2022 - 2023 “Spatial Considerations for Flood Insurance Portfolio Diversification” Casualty Actuarial Society. Role: PI; WFU amount \$13,757 (declined)

2019 - 2021 “Flood Risk and Spatial Diversification” Casualty Actuarial Society. Role: PI; WFU Amount \$33,551.

2019 - 2020 “Sustainable Insurance in the Twenty-first Century: From Government Guidelines to Actuarial Practice” Society of Actuaries Climate & Environmental Sustainability Research Committee. Role: PI; WFU amount \$12,000.

2018 - 2019 NSF SES DRMS 1824394 “WORKSHOP: The Nexus of Climate Data, Insurance, and Adaptive Capacity.” Role: PI; WFU Amount \$44,190.

2016 - 2018 “How Do They Know, and What Could We Do? The Science of 21st Century Climate Projections and Opportunities for Actuaries” Society of Actuaries Research Executive Committee under the Research Expansion (REX) Pool. Role: PI; WFU Amount \$41,196

2016 - 2017 “Climate, Weather and Environmental Sources for Actuaries” Society of Actuaries Climate & Environmental Sustainability Research Committee. Role: PI; WFU amount \$17,217

2014 - 2015 “Spatial Dependence and Climate Change Impacts on Weather Risk Pricing” Society of Actuaries and Casualty Actuarial Society. Role: PI; WFU amount \$14,442

2013 - 2014 Casualty Actuaries of the Southeast;
WFU amount \$1,500

Teaching

Wake Forest University

STA 712 Generalized Linear Models: Fa17, Fa18, Fa19, Fa20, Fa21

STA 379/679 Time Series and Forecasting: Fa16

STA 362/662 Multivariate Statistics: Sp16, Fa16, Sp18, Sp19, Sp22, Sp23

STA 312/612 Linear Models: Sp15, Sp17, Fa17, Sp21, Fa21, Fa22

STA 311/611 Statistical Inference: Sp13, Sp14, Sp17, Fa18, Fa20

STA 353 Probability Models: Sp13, Sp16

STA 112 Introduction to Regression and Data Science: Fa13, Sp14, Sp15, Fa15, Fa18, Fa19, Fa23

STA 111 Introduction to Probability and Statistics: Fa12, Fa15, Su23

SUS 602 Scientific Literacy (co-taught): Ja15, Ja16, Su16, Su17, Su18

Teaching Products

Chapter 4 Model Selection and Estimation, ACTEX Loss Data Analytics Short Course.
<https://openacttexts.github.io/LDACourse1/>

University of North Carolina at Chapel Hill

STOR 155 Introduction to Statistics: Fa11, Fa10, Sp10

Presentations

Invited Seminars and Colloquia

The Changing Spatial Dependence in Flood Risk: A Loss Occurrence Study in the United States, One World Actuarial Seminar, 3/2021

An Extension of Spatial Dependence Models for Estimating Short-Term Temperature Portfolio Risk, Appalachian State University, 10/2018

An Extension of Spatial Dependence Models for Estimating Short-Term Temperature Portfolio Risk, Purdue University, 2/2018

Insurance as Adaptive Capacity, SAMSI Working Group on Risk, 9/2017.

An Extension of Spatial Dependence Models for Estimating Short-Term Temperature Portfolio Risk. NC State Environmental Seminar, 10/2016.

An Extension of Spatial Dependence Models for Estimating Short-Term Temperature Portfolio Risk. University of Montreal, 10/2016.

Assistive Technologies for Second-Year Statistics Students who are Blind, *CAUSE* Webinar, 09/2015
<https://www.causeweb.org/webinar/jse/2015-09/index.php>

Was 2014 the Hottest Year on Record? Wofford College Mathematics, 02/2015

Weather Derivatives and Degree Day Trends. Middlebury College Mathematics, 04/2014

Weather Derivatives and Degree Day Trends. Brigham Young University Statistics, 03/2014

Regional Climate Models and Mid-Twenty-First-Century North American Projected Energy Impacts. WFU Biology Department, 09/2013

Weather Derivative Risk Measures for Extreme Events. SAMSI, 04/2013

Measuring Climate Change. Davidson College Mathematics, 04/2013

Measuring Climate Change. St. Olaf College Mathematics, 04/2013

Weather Derivative Risk Measures for Extreme Events. NC State University Statistics, 03/2013

Measuring Climate Change. WFU Ecolunch, 03/2013

Measuring Climate Change. WFU Math Club, 03/2013

Approximate Bayesian Computing for Spatial Extremes. Wake Forest University Mathematics, 01/2012

Approximate Bayesian Computing for Spatial Extremes. Clemson University Mathematical Sciences, 01/2012

Approximate Bayesian Computing for Spatial Extremes. Penn State University Statistics, 01/2012

Approximate Bayesian Computing for Spatial Extremes. University of Illinois Urbana Champaign Mathematics, 01/2012

Conference Presentations (invited, contributed, poster)

SRCOS 2022 Summer Conference, Jekyll Island, GA 10/2022 (invited)

ENVR 2022 Workshop: Environmental and Ecological Statistical Research and Applications with Societal Impacts, Provo, UT 10/2022 (poster)

56th Actuarial Research Conference, Chicago, IL, 8/2021 (invited)

Drake Risk and Insurance Workshop on Catastrophe Risk, 2/2021 (contributed)

Society of Actuaries 2019 Annual Meeting, Toronto, ON, 10/2019 (invited)

2019 Joint Statistical Meetings, Denver, CO, 08/2019 (poster)

Southern Regional Council on Statistics 2019 Summer Research Conference, Carrolton, KY, 06/2019 (poster)

SAMSI Coupling Uncertain Geophysical Hazards Workshop, Research Triangle Park, NC, 03/2019 (invited)

2018 Joint Statistical Meetings, Vancouver, BC, 08/2018 (invited)

SAMSI Transition Workshop on Climate, Research Triangle Park, NC, 05/2018 (contributed)

52nd Actuarial Research Conference, Atlanta, GA, 08/2017 (contributed)

The 2017 Casualty Actuarial Society Spring Meeting, Toronto, ON, 5/2017 (invited)

International Conference on Advances in Interdisciplinary Statistics and Combinatorics, Greensboro, NC, 10/2016 (invited)

51st Actuarial Research Conference, Minneapolis, MN, 7/2016 (contributed)

The 26th International Environmetrics Society Annual Meeting, Edinburgh, U.K., 7/2016 (invited)

Southern Regional Council of Statistics Summer Conference, Wilmington, NC 2015 (contributed)

2014 Joint Statistical Meetings, Boston, MA, 8/2014 (invited)

TechXploration, Wake Forest University, 4/2014 (contributed)

2013 Joint Statistical Meetings, Montreal, QC, 8/2013 (invited)

The 23rd International Environmetrics Society Annual Meeting, Anchorage, AK, 6/2013 (contributed)

US Conference on Teaching Statistics, Raleigh, NC, 5/2013 (poster)

Workshop on Environmentrics, Raleigh, NC, 10/2012 (poster)

Joint Statistical Meetings, San Diego, CA, 7/2012 (topic-contributed)

46th Actuarial Research Conference, Storrs, CT, 8/2011 (contributed, won conference best graduate student presentation award)

SAMSI Transition Workshop of Space-Time Processes, Research Triangle Park, NC, 10/2010 (poster)

Joint Statistical Meetings, Vancouver, BC, 8/2010 (contributed)

Spatial Extremes Working Group, Research Triangle Park, NC, 4/2010 (contributed)
 SAMSI Workshop of Climate Change, Research Triangle Park, NC, 2/2010 (poster)

2012 Xiaochen Hu, Consulting for The Association of Boarding Schools

Service

Professional Service External to Wake Forest:

Associate Editor, *Environmetrics*, 2021 - Present

Co-Organizer of “TIES (The International Environmetrics Society) and SIAM-MPE: Connecting to Solve Multidisciplinary Environmental Problems” at SIAM MPE, July 2022.

External Reviewer, University of Vermont, Department of Mathematics and Statistics, 2022

National Science Foundation Panel Reviewer, Statistics Program, 2022

National Science Foundation Panel Reviewer, Small Business Innovation Research, 2020.

Organizer of Invited Session “Novel Statistical Approaches for Studying Health Impacts of Air Pollution” at TIES 2020 in London, UK (delayed due to COVID-19)

The International Environmetrics Society Liason and Outreach Committee, Member 2020 - 2022

Society of Actuaries Climate and Catastrophes Steering Committee, Member 2019 - 2022

Workshop Chairperson for “The Nexus of Insurance, Climate Data, and Adaptive Capacity”, Asheville, NC, November 8-9, 2018.

Society of Actuaries James C. Hickman Scholarship Selection Committee, Chair 2017 - 2018; Member 2015 - 2018

Non-departmental service at Wake Forest:

“Research, Scholarship, Areas of Excellence” Strategic Framing Working Group, Member 2023

Ad-hoc Tenure Procedure Committee, Member 2021 - 2022

Ad-hoc Wake Forest College Salary Equity Committee, Member 2022

Capital Projects Advisory Committee, Member 2020 - present

Science Curriculum Development Committee, Environment and Sustainability Programs, Member 2020 - 2022.

WFU CEES Research Committee, Chair 2016 - 2022

WFU M.A. Sustainability Curriculum Committee, Member 2014 - 2019

Major Departmental Service at Wake Forest:

Chair of the Department of Statistical Sciences, 2022 - Present

Associate Chair of the Department of Mathematics and Statistics, 2018 - 2022

Chair of Statistics Section, Department of Mathematics and Statistics, 2018 - 2020

Chair of Statistics Undergraduate Curriculum Committee, 2013 - 2017

Chair of Statistics Hiring Committees 2019 - 2020, 2020 - 2021
