

```
C:\> diskpart
```

```
DISKPART> list disk
```

Select the USB device from the list and substitute the disk number below  
when necessary

```
DISKPART> select disk 1
```

```
DISKPART> clean
```

```
DISKPART> create partition primary
```

```
DISKPART> select partition 1
```

```
DISKPART> active
```

```
DISKPART> format fs=fat32
```

```
DISKPART> assign
```

```
DISKPART> exit
```

```
xcopy X:\*.* /s/e/f Y:\
```

where X:\ is your mounted image or physical DVD and Y:\ is your USB  
device
