

Rubric for Written Report

Student:

	Criteria			Points
	1	2	3	
Organization	There is no structure to the document.	Some sequencing of information but missing some clear layout.	Student clearly lays out an introduction, a body of text with sections and concludes with worked out problems.	
Content Knowledge	Mathematics is consistently wrong or misleading.	Math is correct but not at a sufficient level for this course.	Student demonstrates a complete and comprehensive understanding of the material.	
Problems	Students incorrectly answered a majority of the problems or chose completely irrelevant questions.	Students answered a majority of the questions correctly.	The student answered all of the questions correctly.	
Mechanics	Report had numerous grammatical errors and/or typos.	Report had a few typos or grammatical errors.	Report had no typos or grammatical errors.	
Delivery	Student gave a report that was completely irrelevant.	Student report missed some key points.	Student's report clearly captured the main points and conclusions of the topic.
