

Rubric for Written Report

Student:

	Criteria			Points
	1	2	3	
Organization	There is no structure to the document.	Some sequencing of information but missing some clear layout.	Student clearly lays out an introduction, a body of text with sections and concludes with a discussion section.	
Content Knowledge	Mathematics is consistently wrong or misleading.	Math is correct but not at a sufficient level for this course.	Student demonstrates a complete and comprehensive understanding of the material in the paper.	
Visuals	Students use no visuals.	Students occasionally use visuals that rarely support the content of the report.	The visuals used support the writing and clarify the text.	
Mechanics	Report had numerous grammatical errors and/or typos.	Report had a few typos or grammatical errors.	Report had no typos or grammatical errors.	
Delivery	Student gave a report that was completely irrelevant to the content of the paper.	Student report missed some key points in the paper.	Student's report clearly capture the main points and conclusions in the paper.
