Please provide any additional constructive comments

- Could be a bit vague with the reasons for his grading in some problems (especially proofs), even after speaking with him, but all in all a pretty good TA in my opinion.
- Excellent TA! Very fair with grading as well.
- He is a fun person. He presents himself in a way in which the students stay engaged and feel comfortable. He is really knowledgeable and understands the course material returns homework and tests promptly.
- He was a fantastic TA. I can think of nothing that he didn't do exceptionally well!
- He's awesome. I totally mean it.
- I loved coming to office hours. I always learned so much, and loved that he made me write stuff up on the board and figure things out for myself. It was super helpful.
- Overall very friendly and helpful. 10/10 would attend again.
- Sometimes Rob would explain the problem too fast and I would get lost in the explanation.
- Strict grading.
- Ta taught well and was knowledgeable
- Very agreeable and conducive to learning. Easy to get along with, was available for appropriate periods of time and did not waste time in section. And a sense of humor.
- VERY helpful!! An extremely great TA for a very difficult course
- Was willing to set up extra office hours to help students and was overall a very good TA.
