9. Do you have any other comments to add to your evaluation?
*Please provide any additional constructive comments*

- Having audited the class for 3 weeks, and then taking it to 8th week for a W, and now this time around. Both of my TA's this quarter for 140a were by far the best. My math skills aside Rob (and Artem) were awesome.

- Rob did an excellent job as our TA. During section, he provided a perfect balance of assisting us discover ways to think about difficult homework problems without simply providing the answers. He also did a great job of recapping each week's lecture topics and providing additional insights of the more difficult material.

- Robert is very good at discussing concepts. I learn so much from him each session. Plus I like how he doesn't just do the problem, he only gives an outline so that we can still figure out the rest on our own.
